

Project Management Professional (PMP®) Exam Prep

Monday-Friday, Nov. 28–Dec. 2, 2011

8 a.m.-6 p.m.

PMstudy is a leading PMI® Approved Globally Registered Education Provider for PMP® Certification training. They have the highest documented overall pass rate of 98.2% achieved for PMP® classroom training. The coursework is primarily based on the PMBOK® Guide, Fourth Edition and focuses on the key topics and areas required for success in the exam.

Who should apply?

The PMP® recognizes demonstrated competence in leading and directing project teams. If you're an experienced project manager looking to solidify your skills, stand out to employers and maximize your earning potential, the PMP® credential is the right choice for you.

PMP® Requirements

To apply for the PMP® you need to have either:

- A four year degree (bachelor's or the global equivalent) and at least three years of project management experience, with 4500 hours leading and directing projects and 35 hours of project management education (35 PDUs)
- or
- A secondary diploma (high school global equivalent) with at least five years of project management experience, with 7500 hours of leading and directing projects and 35 hours of project management education (35 PDUs).

This five day course is structured with the goal of providing students with **exactly what they need** to pass the PMP® examination. Students will learn a study strategy designed to increase comprehension and retention of key elements while also providing students with practical information that can be applied immediately to the project work environment.
